

CLAIMS BLOCKADE DEFEATED GERMANY

LONDON, July 16.—The allied blockade was the cause of Germany's defeat, Admiral von Scheer, former

German fleet commander declared in an interview given the Daily Chronicle's Weimar correspondent. "As everybody warned," von Scheer said, "the blockade triumphed, over the U-boat campaign." Von Scheer claimed a German victory in the battle of Jutland pointing out his losses in material and men were less than those suffered by the British. The German ships were smaller and slower, and outpointed in gunfire, he said, but enjoyed better protection from shells. Von Scheer admitted the British shooting was most accurate, but characterized Admiral Jellicoe's book as a "mere apology," saying Jellicoe used "strategic" when he should have used "tactical." "Thank God," von Reuter restored the honor of the navy by the sinking of the fleet at Scapa Flow," von Scheer concluded.

FORD CO. HAS 100 MILLION CAPITAL

WILMINGTON, Del., July 16.—By a certificate filed at Dover yesterday the Eastern Holding Company changed its name to Ford Motor Company and increased the capital from \$100,000 to \$100,000,000. The Eastern Holding Company was chartered July 9, 1918, with a capital of \$100,000 to deal in investments. The amending certificate filed yesterday did not disclose any reason for using "Ford Motor" in the name of the company, merely stating that the change was authorized at a meeting of the board of directors held in New York yesterday. No reason for the change was known at the office of the secretary of state.

DETROIT, July 16.—Action of the Eastern Holding Company in changing its name to Ford Motor Company and increasing its capital stock to \$100,000,000 follows announcement authorized here July 11 that recapitalization of the Ford Company would be undertaken with the purchase by Edsel Ford of virtually all the minority stock of the corporation. Directors of the Ford Motor Company some years ago voted to increase the capital to \$100,000,000 because the investment in the business was much greater than its capital. It was found, however, that the Michigan laws do not permit corporations to capitalize for more than \$25,000,000.

DEMAND \$220,000 FOR SLAIN POILU

PARIS, July 16.—The French government has sent a note to Berlin demanding 200,000 francs (\$20,000) compensation for the family of Sergeant Paul Manheim, who was killed by a mob in the streets of Berlin on Sunday morning and also that a fine of 1,000,000 francs (\$200,000) be imposed.

U. S. Border Patrol Ready For Mexican Outbreaks

In view of the threatened outbreaks by Mexican bandits the United States military authorities have taken all necessary precautions to protect American border towns. The photograph shows American three-inch guns being moved to their stations on the border along the Rio Grande.

HEAVENS AID HIM IN ROBBING STORE

YORK, Pa., July 16.—Taking advantage of a thunderstorm, a thief hurled a brick through a big plate-glass window of a local jewelry store early yesterday and got away with three revolvers worth about \$35 each. The arrival of two patrolmen probably prevented more articles from being stolen. The window smasher was chased by the officers, but escaped.

Swift & Company's sales of Beef in Washington, D. C., for the week ending Saturday, July 12, 1919, averaged as follows: Domestic Beef, 12.34 cents.—Adv.

RED CAUGHT WITH 2 BOMBS AT WEALTHY DEALER'S HOME

FARRELL, Pa., July 16.—Carrying two cylindrical bombs, which the police say are similar to those used by terrorists in their outrages in eight cities last June, a man who gave his name as Ralph Ruotolo, aged twenty-three, of Youngstown, Ohio, was arrested here yesterday. He was in the act of placing one of the infernal machines in the rear of the home of Joseph Canteloup, a wealthy fruit merchant. He was placed in jail and Federal authorities were notified.

BRITISH MOVIES CAN'T "CUSS" NOW

LONDON, July 16.—Cussing adds nothing to the impressiveness of a film production, according to T. P. O'Connor, chief British film censor, who has issued a warning to the trade that film swearing must cease, according to a copyrighted dispatch to the New York World. As 90 per cent of Britain's film diet is wholly American, this order will affect American films most.

It is stated that there has been too frequent use lately of such phrases as "Damn you," "Damn it," "Be damned" and "Go to hell."

BETSY ROSS GIRLS LOOKING FOR PALS

In order to obtain as many members of the Betsy Ross branch of the American Legion before the order goes into effect in the Navy Department which will compel them to resume their civilian status by the first of August, the yeomen (F) of the navy have begun a campaign to secure additional members. A mandarin club, headed by Miss L. Larned; a glee club, and a general entertainment committee, with Miss Kate Claggett as chairman, and a membership committee led by Miss Hope Knickerbocker, have just been announced.

Headquarters of Betsy Ross Post, No. 1, are at 833 Southern building.

STILL WAGE WAR ON SAVING OF DAYLIGHT

Another effort to repeal the daylight saving law will be made, Senate and House leaders have decided.

The House Agriculture Committee will be asked today by Chairman Haugen to report out the agricultural appropriation bill, with the rider repealing the daylight saving law, despite the fact that the House ordered the rider stricken out when it sustained the President's veto of the bill because of the daylight saving repeal.

Senate Republican leaders claimed the failure to override the President's veto was due to a half-hearted effort in the House. They believe that the new bill can be passed by a two-thirds vote.

TWO WOMEN ATTACKED BY THUGS IN SCRANTON

SCRANTON, Pa., July 16.—Eight thugs attacked two young women and a young man, the two women being sent to hospitals.

Frank Reidenbach and Miss Anna Andrews were at Noyau Park about 10:30 o'clock, when four men came along. Reidenbach was hit on the head with a blackjack and when he regained consciousness he found Miss Andrews lying unconscious along the roadway with a handkerchief around her mouth. At the State Hospital the condition of the young woman is reported as serious.

Later in the night four young men carried Daisey Moss into the Hahnemann Hospital and told the nurse that they had found her unconscious along the boulevard. When the young woman regained consciousness this morning she said that four young men enticed her into an automobile and drugged her.

WOUNDED OFFICERS THANK PRESIDENT

Two wounded lieutenants, one minus an arm and the other crippled in the leg, called on President Wilson yesterday and thanked him for vetoing the sundry civil bill, which carries insufficient funds for vocational education of wounded soldiers. The lieutenants were John J. Ridgway and R. D. Browning, both of Philadelphia. They thanked the President for themselves, and again on behalf of the thousands of wounded soldiers who

look to the Government to teach them a trade. Before reaching Washington the two officers had talked with Mr. Tumulty on the train, not knowing his identity. They went so far as to confide in their train companion the purpose of their visit to Washington and how they had arranged an engagement with the President by "falling up Tumulty." They were surprised yesterday at the White House when they met the President's Secretary and found him to be their companion of the train earlier in the day.

NETHERLANDS ENDS TRUST FACT ROTTERDAM, July 16.—Abrogation of all obligations under Netherland overseas trust agreements is announced here for all goods which arrived after July 10, according to a copyrighted dispatch to the Philadelphia Public Ledger.
